

## The Great Trick...

This is about anti-Semitism: what it is, how it is employed and what it can achieve. It is to inform, and explain its development since the term was first used; and to show the difference between gratuitous accusation, and freedom of speech. But most of all, to better understand the world we live in, and for you to think about what we should discard, what we can believe, especially in the new AI domain, and to point out a few things you may not be aware of...

It is agreed; “Anti-Semitism” was first coined in the late 19<sup>th</sup> Century by German eugenicist, Wilhelm Marr to replace the word “Judenhass” meaning Jew hatred in German; though it was used a few years earlier when Jewish Austrian scholar, Moritz Steinschneider used the term “*antisemitische Vorurteile*” (anti-Semitic prejudices) in a debate with French philosopher Ernest Renan. But it remained virtually dormant until the Second World War, gaining greater publicity in reports on the fate of Jews under Nazism. But things have changed a lot since then.

Today, the phrase is used as a label to name and shame. Also to influence people and governments; to cover wrongdoing and a screen to hide behind; but most of all to manage the stage as anti-Semitism is essentially, an act. *“It’s a trick we use. When from Europe someone is criticising Israel we bring up the Holocaust; when in the USA someone is criticising Israel then they are anti-Semitic. We always use it to stifle legitimate criticism of Israel.”* (Shulamit Aloni, former Israeli MP, peace activist and Leader of the Opposition - 1988-90)

Another reason it’s a trick is the Ashkenaze, who make up the greater part of Jewry and Zionists are not strictly Semites. The Khazarian kingdom covered what are now Lower Russia and Ukraine and adopted Judaism around the 9<sup>th</sup> Century. Arthur Koestler wrote of them in his book ‘The 13<sup>th</sup> Tribe’ and Israeli historian, Shlomo Sand in ‘*The Invention of the Jewish People*.’ Even the on-line Times of Israel has written of their Eastern European origin. So, why would non-Semites use ‘anti-Semitism’ to point the finger, when they are not descended from Shem (its origin) Abraham, Jacob or David?

Another question we need to resolve is why one particular group believe they have natural superiority, while others are fair game? And how was it allowed to happen to the point of legislation in outwardly Christian countries. It seems Zionist Jews have turned victimhood into an art to gain your sympathy, which they do through political sway, media management, financial clout, and simple harassment.

Christians across the entire Denominational Church system need to start thinking about this. And the first question they need to answer; were the Ancient Israelites Jews? Scripture shows, Abraham was a Hebrew and Jacob the first Israelite. The word Jew, as we know it today, did not exist in ancient times so cannot in hindsight be applied to ancient texts to provide a veneer of authenticity to non-lineage peoples. Therefore, religious Zionism and modern Judaism has no material claim over the Patriarchs of the Old Testament or any Covenant made with Ancient Israel. The current English word ‘Jew’ first appeared in the 1769 revision of the King James New Testament.

Since the arrival of the Oxford-Scofield Bible (and the more recent NIV) words have been removed or inserted and meanings changed, to sell the fiction the State of Israel is the result of prophesies. That Ancient Israel was Jewish, and Abraham, David and Jesus were Jews. It is pure invention. But who are the intended victims of such deceptions, other than every Christian who believes Zionist stories. As

Jesus warned; *no man can serve two masters: for either he will hate one and love the other; or else he will hold to the one, and despise the other. (Matthew 6:24)*

You either believe Jesus and the Apostles or Talmudic Judaism; it cannot be both, their teachings and doctrines are totally incompatible, unable to coexist, and make the idea of so-called Judeo-Christian values, a complete fabrication. As Jesus said to the Pharisees; *I know that ye are Abraham's seed, but you seek to kill me because my word has no place in you. (John 8:37)* That word still has no place in Zionists and Rabbis and will continue to be discarded until they acknowledge Jesus is the risen Christ.

## **PSY-OPS:**

Psychological Operations are run by assorted Government Agencies to manipulate narratives, create confusion, engineer evidence and look, to orchestrate outcomes, and which may include assassination and mass murder. An example is the 'weapons of mass destruction' nonsense used against Iraq to paint them as terrorists in order to invent an excuse for war in the Middle East. It worked very well and over a million died because of it. Israel uses similar tools, and since many see anti-Semitism as a major threat to Jews and Israel; is it such a shocking idea, Zionists would sacrifice a few of their own to gain your sympathy and support for the Jewish State.

The recent incident in Australia has prompted Governments in Europe and the West to toughen their stance on 'anti-Semitic' comments and behaviour, enacting harsher laws and penalties. It will soon be prohibited to say anything against Zionism, Jews and Israel, allowing them to act with impunity in the Middle East, Gaza, the West Bank, and elsewhere. When we look at the history of Zionism, above all, abandoning devout Jewish refugees to the Nazis during WW2, when Zionists were denied Palestine as a homeland, the answer is pretty obvious; a few dead for the cause is not an issue. To be clear, this is a battle for hearts and minds where honourable rules do not apply. It is beyond good and evil.

So, take a hard look at the event; for instance, the recent Bondi incident had fake injuries, fake reports of fake injuries, and two alleged terrorists conveniently filmed in the act; one silenced and the other to stand trial. Look at the optics, what they are telling you, what do they want you to feel; how do they want you to react. And importantly, with their on-going military actions in and outside their borders, such as Gaza, the West Bank, Syria, Lebanon, Iran and Yemen, what are Israel's PR needs at the time. They wrote the book on Public Relations narrative spin, and are very good at their craft.

As to outcomes re the Bondi episode; the Australian Government has seized the opportunity to tighten gun laws and introduced a buy-back scheme; further contain free speech, and opened discussion on the parameters of 'hate-speech' in a watered down version of the Bill presented to parliament. So look at the bigger picture locally and globally; what are politicians doing, the church and the media saying. But most of all think about who wins, who loses; and what it could do to your personal freedoms.

The use of anti-Semitism has all the hallmarks of the great propagandists of the 20<sup>th</sup> Century; Stalin, Churchill and Goebbels spring to mind, and it was Goebbels who said if you're going to tell a lie, tell a big one. A recent example of the big lie is '*safe and effective*' as used by doctors and politicians over the last few years, and it can certainly be applied to the use of anti-Semitism. The remedy is truth, the truth of the Gospel and the truth of Jesus Christ. To rephrase John in his first letter, '*this is written to you because you know that truth.*' Except from time to time, a reminder is required.

As to Israel; In Galatians Paul mentions the *Israel of God*; not worldly, but a kingdom where believers *keep the Commandments of God and the Faith of Jesus. (Rev 14:12)* It is outside the power of flesh it is of the Spirit; it lives in the true and faithful. As to His Word; no matter how much it is altered by men His Word cannot change.

*And hope puts not to shame; because the love of God has been poured out in our hearts through the Holy Ghost which is given unto us. (Romans 5:5)*

In love and peace as always,

James
